REASONS FOR ALLOWANCE

Interview Record

1. The following is an examiner's statement of reasons for allowance:

On August 13, 2004, examiner initiated an interview with the applicant in order to determine a proper interpretation for the claimed term a storage virtualization engine (SVE). More specifically, the main discussion of the interview was to find out what kind of a specific functional interpretation should be given to the claimed SVE. In response to the interview, the applicant filed/faxed an amendment (August 17, 2004) for the support from the specification, and a guideline for a proper interpretation for the claimed SVE, as agreed by the examiner, i.e., see pages 8-9 of the faxed amendment (August 17, 2004) for the above details. This amendment, after careful consideration and search of the present claim 86 interpreted in accordance with the specification and the above amendment, further places the application in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
